B S F ROSEWOOD DIADEM—Rosewood Diadem was our choice of our 1965 bull crop. He is a real stock bull with depth of body, deep hindquarters, width over his loin and full in his girth, and on a great set of legs. His sire is a half-brother to Glamis Benefactor, whose junior get of sire was undefeated in 1966, including Springfield, Chicago, and Kansas City. The dam of this bull is one of our most highly admired cows, a cow with substance, great capacity and character. She is also the dam of B S F Baron who sold in the first Royalty Production Sale for \$675. The price was not equivalent to his herd bull potential for he now has the best bull calf on our farm and we now eagerly await when we may get calves sired by this outstanding young prospect. Rosewood Diadem has the same herd bull potential that his half brother did and Calrossie Diadem and Bapton Northward Bound insure his prepotency. Herd is Federally accredited and certified.

His dam is one of those great Kirkton Queen of Rothes, being out of the same cow as the All-American Sutherland Brave Scot x and Sutherland Captivator, Junior herd sire for the University of Kentucky. Herd certified and accredited.

Tutira Paragon is one of the last sons of Bapton Constructor and the only white bull he ever sired. Paragon was reserve grand champion of the 1965 Eastern National. Lot 12 is one of his first sons to sell at auction.

PARAGON HERITAGE—Is a meaty well balanced bull by Tutira Paragon—a son of Bapton Constructor who was reserve champion at Eastern National in 1964. The dam of Heritage was a great female—a show heifer and a brood cow. She was 2nd at International as a summer yearling and 4th as a senior yearling. At the Eastern National as a senior yearling, she was reserve senior champion. She produced a bull and a heifer we sold in the International sale for \$1,050 and \$1,150 respectively. We think you will be impressed with the correctness of this calf and the strength of his pedigree. Herd TB accredited and Bang certified.

JOIN THE NATION IN A KENTUCKY VACATION

Kentucky, the center of the nation's pasture belt, offers purebred dairy cattle breeders one of the most unique and effective state supported promotional events recently developed. By providing financial assistance for each of the major breeds, the Commonwealth vividly demonstrates its appreciation for the purebred cattle industry and the contribution it makes to the state and nation. Buyers and sellers of purebred dairy cattle and others who fully appreciate outstanding livestock should find it pleasing and convenient to meet in the Bluegrass State at these annual breed events. Kentucky enjoys a wide reputation as a progressive livestock state due to her rich limestone soil, the wide expanse of nutritious bluegrass pastures, skilled breeders, mild climates, and moderate rainfall. Some of the earliest advances in livestock production and marketing had their origin in this state.
